Ben & Brad,

I've not been able to respond to Ben's request for detailed groundwater concerns to be covered with John Schumacker due to a family issue. Let's focus on groundwater/flooding & the Bob Alvarez report. I'm not convinced the pictures with the water leaving the landfill are from "Bridgeton Landfill" and would like to talk about that further.

Any chance we will have some new information to discuss regarding the proposed isolation barrier?

Thanks,  
Ed
